Padel Court Solutions

Leveraging our legacy of building
India's Iconic Sports Facilities.

Your Padel Court, Backed by our 30 Years of Legacy
in building India's Sports Infrastructure.
Experience the same precision and quality.

We deliver our projects all across India

Why Freewill

- | | | | |
|---|---|---|---|
|  FIP | Manufactured as per the International Padel Federation |  | 12mm Toughened Glass Panels
High strength, Clarity and Safety |
|  | 4 mm Welded Mesh Structure
Robust and Long-Lasting |  | Advanced Synthetic Turf System
Consistent Performance and Comfort |
|  | High-Grade Steel Framework
Extreme structural longevity |  | Professional LED Lighting
Optimal Visibility for play |

**Precision-Engineered
manufacturing**

**3-Year Warranty on
powder-coated MS parts**

**Our Padel Courts are manufactured 100% at our facility,
with only assembly done at your site.**

Structural Engineering & Surface Protection

Category	Standard Industry Practice	Freewill's Padel Court System	Key Advantage
1. Structural Framework	Mild Steel (MS) (Prone to rapid oxidation)	MS structure with hot-dip galvanization (optional).	Enhanced corrosion resistance & long-term structural durability
2. Surface Preparation	Basic Solvent Cleaning (Low paint adhesion)	Precision Sand Blasting process	Improved coating adhesion & uniform surface finish
3. Coating Powder	Standard Powder	Jotun-Make exterior grade powder	Superior UV stability, scratch resistance, and weather durability
4. Fasteners & Hardware	M.S. Hardware	Stainless Steel fasteners	Improved rust resistance and longer service life
5. Testing & Quality Control	Minimum Testing	DFT test conducted to maintain 100–130 micron coating thickness. In-House Salt spray test to validate long-term corrosion resistance	Assured coating lifecycle durability for a minimum of 5 years for galvanized components
